Thank you one and all for your participation!!

Since that first meeting in 1943 when 26 business people formed the Rotary Club of Renton, until today with over 120 active members, we have enjoyed a rich tradition of caring for our neighbors as close to home as Renton and as far away as Zimbabwe, Africa. From the **IKEA Renton River Days Rubber Ducky Race**, raising over \$15,000 to the Rotary CAPER Auction where we solicit items and cash valued at over \$135,000, Renton Rotarians are proud of the significant impact we've had on our community.

The money raised at annual CAPER auctions and Rubber Duck Race help to continue our ongoing commitment to support local programs, which benefit residents and students throughout the Renton community. Some of these projects include student scholarships, Communities In Schools of Renton, providing food and clothes to those in need, victim assistance programs, free RotaCare clinic, housing needs, teacher recognition and youth programs. Renton Rotary also supports local arts and educational opportunities such as the IKEA Performing Arts Center and the new technology resource center at Renton Technical College, two tremendous resources that the entire community will benefit from for years to come.
