**Gregg Zimmerman,**

## **Public Works Department Administrator**

**Gregg Zimmerman** has served within the Renton Public Works Department since 1990, and as Department Administrator since 1994, when he was appointed to fill the position upon the departure of Lynn Guttman. Prior to joining the city Gregg worked in the private sector for eleven years as a consulting engineer, being involved in the design and construction of public works projects including wastewater treatment plants and city streets. He received his bachelor's degree in Civil Engineering from the University of Illinois in 1977, and obtained his Washington State professional engineering (P.E.) license in civil engineering in 1991.

## **BEWARE OF E-MAIL SCAMS TARGETTING ROTARIANS**

Rotary International continues to receive notice of e-mail phishing scams targeting Rotarians.

One such scam claims that the recipient has been selected in a raffle for a prize and the recipient's contact information is needed. Another scam still circulating claims that a deceased Rotarian has left money to the e-mail recipient to be donated to philanthropic efforts. The sender, who claims to be the executor of the will, then asks for the recipient's personal information, including a copy of the individual's passport and driver's license, in order to claim the inheritance.

Please note that RI does not solicit funds through e-mail, nor does it ask that personal information be updated by e-mail or other electronic means. RI encourages Rotarians to avoid becoming victims of these scams by deleting any e-mail that appears suspicious.
